Contact person:

Gabriele Wienbeck

Tel.: +43-6274-6236-397 Fax: +43-6274-6236-234

Date of Preparation:

01/20/2006

Device name:

Private Label Versions of "implantMED SI-915/923"

Such as "DrillTech", "Ism", " Implant Unit" and "Zimmer

Surgical Motor Unit"

Common Name:

Surgical motor unit for implantology and maxillo

surgery

Classification Name:

Controller, foot, handpiece and cord

Predicate devices:

implantMED SI-95 (K002469)

implantmed SI 915/923 (K052741)

Device Description:

The device consists of a small hand held motor, a foot control and a controller. Accessories complete the device. They are designed for use in dental surgery. Optimum irrigation of the treatment site is an important factor for successful treatment. An integrated pump is used to supply the treatment fluid / coolant from its reservoir via a pump to the motor / handpiece.

Intended use:

Mechanical drive unit with coolant supply for transmission instruments with coupling system according to ISO 3964.

The equipment is a drive unit for use in dental surgery, implantology and maxillo-facial surgery for treatment of dental hard tissue.

Technological Characteristics:

The technological characteristics of the private label versions are very similar to the previous implantMED versions. Differences result from the modification of the Intended Use and become manifest in programs and factory settings. Furthermore we offer an alternative foot control.

Substantial equivalence:

The private label versions and the predicate device "implantMED SI-95" share the same indication for use.

510(k) Section 5 Private Label Versions of "implantMED SI-915/923"

The comparison of the subject and the predicate device "implantMED SI-915/923" shows very similar technological characteristics.

Performance properties and biocompatibility are the same.

The private label versions are substantially equivalent to those devices it was modified from.

Re: K060287

Trade/Device Name: Private Label Versions of implantMED SI-915/923 including

accessories such as "Drilltech" "Ism" "ImplantUnit"

"Zimmer Surgical Motor Unit"

Regulation Number: 872.4200

Regulation Name: Dental Handpiece and Accessories

Regulatory Class: I Product Code: EBW Dated: February 2, 2006 Received: February 7, 2006

Dear Ms. Wienbeck:

We have reviewed your Section 510(k) premarket notification of intent to market the device referenced above and have determined the device is substantially equivalent (for the indications for use stated in the enclosure) to legally marketed predicate devices marketed in interstate commerce prior to May 28, 1976, the enactment date of the Medical Device Amendments, or to devices that have been reclassified in accordance with the provisions of the Federal Food, Drug, and Cosmetic Act (Act) that do not require approval of a premarket approval application (PMA). You may, therefore, market the device, subject to the general controls provisions of the Act include requirements for annual registration, listing of devices, good manufacturing practice, labeling, and prohibitions against misbranding and adulteration.

If your device is classified (see above) into either class II (Special Controls) or class III (PMA), it may be subject to such additional controls. Existing major regulations affecting your device can be found in the Code of Federal Regulations, Title 21, Parts 800 to 898. In addition, FDA may publish further announcements concerning your device in the <u>Federal Register</u>.

Please be advised that FDA's issuance of a substantial equivalence determination does not mean that FDA has made a determination that your device complies with other requirements of the Act or any Federal statutes and regulations administered by other Federal agencies. You must comply with all the Act's requirements, including, but not limited to: registration and listing (21 CFR Part 807); labeling (21 CFR Part 801); good manufacturing practice requirements as set forth in the quality systems (QS) regulation (21 CFR Part 820); and if applicable, the electronic product radiation control provisions (Sections 531-542 of the Act); 21 CFR 1000-1050.

This letter will allow you to begin marketing your device as described in your Section 510(k) premarket notification. The FDA finding of substantial equivalence of your device to a legally marketed predicate device results in a classification for your device and thus, permits your device to proceed to the market.

If you desire specific advice for your device on our labeling regulation (21 CFR Part 801), please contact the Office of Compliance at (240) 276-0115. Also, please note the regulation entitled, "Misbranding by reference to premarket notification" (21 CFR Part 807.97). You may obtain other general information on your responsibilities under the Act from the Division of Small Manufacturers, International and Consumer Assistance at its toll-free number (800) 638-2041 or (301) 443-6597 or at its Internet address http://www.fda.gov/cdrh/industry/support/index.html.

Sincerely yours,

Chiu Lin, Ph.D.
